

**UNITED STATES DISTRICT OF KANSAS
DISTRICT OF KANSAS**

**60 DAY NOTICE OF
CIVIL TRIAL CALENDAR COMMENCING _____
BEFORE THE HONORABLE JULIE A ROBINSON**

NOTICE: All cases listed below are set for trial beginning on _____.

All of the cases listed below will be tried at some time during the duration of the Court's _____ trailing trial calendar. This trailing trial calendar commences on _____ and lasts until on or before _____. The cases below are listed chronologically, by case number. This is *not* necessarily the order in which they will be tried. The cases listed below may be tried at any time during the duration of this calendar, subject to the number and duration of trials and the Court's other scheduling conflicts.

The Court will *not* entertain motions for continuance to a later trailing trial calendar. If you have a *firm* trial scheduled in another court during the duration of this trailing trial calendar, you may advise the Court by email, to the attention of Pam Patton, Courtroom Deputy/Judicial Assistant, at KSD_Robinson_Chambers@ksd.uscourts.gov. Copy all other counsel in your case on this e-mail. The Court will not entertain any *ex parte* communications. In the email you must advise the Court and the other counsel in your case, of: the *firm* trial date of the conflicting matter; the court in which the matter is set for trial; and the estimated trial time of the other trial. This Court will endeavor to give you a firm trial date on this calendar that avoids such conflict.

You will find below the name and contact information for all counsel with cases on this calendar. This information will allow you to stay in contact with all other counsel in cases on this calendar, so that you are aware of the estimated trial time, the likelihood of settlement, and/or whether the case has been resolved by order or judgment on a dispositive motion. You are strongly urged to stay in contact with counsel in the other cases on this calendar, as knowing the status of the other cases on this calendar will give you an early indication of the volume of cases on this calendar and whether the calendar will be completed around _____ or much sooner.

In addition, counsel are further directed to stay in contact with Pam Patton, Courtroom Deputy/Judicial Assistant, at KSD_Robinson_Chambers@ksd.uscourts.gov, to keep the Court apprised of the likelihood of settlement, and the estimated trial time in your own case. The Court's ability to set firm trial dates for the cases on this calendar is dependent on the parties providing the Court with timely and accurate information on the status and estimated trial time of the case.

You are *not* receiving a firm trial date in this notice. You *will* receive a firm trial date, in

a 30 day trial notice from the Court, issued approximately thirty (30) days prior to the first day of this calendar, _____. In the 30 day notice you will be given notice of: (1) your firm trial date; (2) the date and time of the telephonic status conference the Court will conduct with the parties, usually 1-2 weeks before their firm trial date; and (3) the date and time of the hearing on any pending motions relating to presentation of evidence, including any pending *Daubert* and limine motions.

Although all cases on this calendar will receive a firm trial date as explained above, all cases on the calendar have the *same deadlines* for certain submissions due before trial, as set out below in the Summary of Deadlines and Settings. These pretrial deadlines are **firm and mandatory**, regardless of your firm trial date.

For cases filed in the Topeka division and/or designated by the parties for trial in Topeka, the trial and any hearing on pending motions shall be conducted in **Judge Robinson's courtroom in the Topeka Division, Courtroom 401, Frank Carlson Federal Building, 444 S.E. Quincy, Topeka, Kansas 66683.**

For cases filed in the Kansas City or Wichita divisions and/or designated by the parties for trial in either division, the trial and any hearing on pending motions shall be conducted in courtrooms in those respective divisions. On or before the day of the trial and/or hearing on motions, the Court will give the parties notice of the courtroom number in the respective courthouse in which their trial or hearing will be conducted
